St. Mary's, Mapledurwell

A small child's navy jacket was left in St. Mary's Church and the label is The Little White Company, London, size 4/5 years. Has anyone missed this? It would be good to return the jacket to its owner and can be found at the back of the Church.

Keep our Villages Tidy

We live in a lovely area which is frequently spoilt when passers by throw rubbish out of their vehicles. A small handful of residents clear it up regularly. Please would everyone pick up and bin any rubbish left on your verges, this will make our environment so much nicer to live in!

Cyclists

Polite request to all cyclists to make their presence known when approaching passers by. A shout or ring of the bell keeps everyone safe.

MISSING CAT

This ginger cat with white bib, came to live with us with his twin brother at Eastrop Cottage, when they were just 9 weeks old. He disappeared in the middle of March but much to our delight returned home on Good Friday. After that he stayed close to home but 4 weeks later he disappeared again and has not been seen since, that was 6 weeks ago at time of writing. Have you seen him, are you feeding him and enticing him away from home? He belongs with us, we have paid for his injections, neutering, micro chipping, and is regularly treated for worms and fleas. If you are sheltering and feeding him, please call us on 762059 or 07767 887097 and we will collect him, he is very much a member of our family and our grandchildren are devastated! Thank you, Sam and Liz Preece

TREE SURGERY

A fortnight ago Amey, contractors to the County Council, felled a field maple at Nunnery Corner, a few hundred yards up from the Mapledurwell village pond on the Tunworth Road. Its crown had died back and the rest of the tree was definitely showing signs of giving up. It stood a good thirty foot high with its base anchored in the steep bank but ready to fall on some unsuspecting motorist when the next gale arrived.

The job number was 21276356, allocated by the Council Surveyor. It's a relatively simple process to ensure the work is entered into the database of Arboriculture Team based at the Bishops Waltham Depot (Tel 01962 846643 Email arb@hants.gov.uk). Dominic Banting, Amey's Supervisor, undertook the work with colleague Robbie Stansfield. He confirmed the tree was diseased "Hampshire County Council raised this concern with us and within a matter of days it was felled ". Amey's own in-house traffic management team undertook the road closure. Dominic explained "The teams that undertake this type of work

every day are highly qualified and experienced - some have been to college to gain qualifications, while some have joined Amey and learned on the job". Responding to my comment of a job well done, he asked me to mention that they were "proud to carry out this work for the local community and it is great to be recognised for our efforts."

The picture illustrates the physicality, clothing, climbing equipment, use of rope and harness and above all the safe and effective use of the chain saw. Whilst a six week course will teach the basics, tree surgery has skills which are learnt in years not weeks. A reputable tree surgeon will always be prepared to discuss the training he or she has received and the team-work involved when tackling a job. Judging by the camaraderie and expertise shown by Dominic's team, it's clearly a worthwhile and rewarding career.

As a footnote to last month's article on Ash Die Back and the untimely arrival of the Asian Beetle that seeks to make his family home in an ash tree, I am including an illustration of the pesky flying insect that we should be on the lookout for!

PUBLIC HEARING

**Thursday 6th July
 10am to 4pm, Council
 Offices, Basingstoke**

As above the Appeal hearing will be held in the BDBC Council Chamber, Deanes Building.

BDBC insist they agreed a policy some years ago that all hearings relating to the Borough will be heard in the Civic Offices. They have, they say, a venue available where they can guarantee facilities and demonstrate impartiality.

The Council Chamber seats 75 (100 max) so everyone who is able to attend should find a seat. But please be aware visitor parking at the Civic Offices is very limited.

Though clearly less convenient and clearly the Inspector will be aware of this, please, everyone who possibly can, attend for some of the time. This will be our only chance to put our case.

Newnham & Nately Scures Harvest Supper 2017 will be held on Friday 29th September at 7pm in Newnham Clubroom

Please contact Linda Dixon to reserve your place and to confirm the dish you would like to bring (Note Clubroom numbers are restricted to 60)

ALSO RAFFLE & BEST SCARECROW COMPETITION

The volunteers are too numerous to mention but we are hugely grateful for the time and effort everyone has put in and which helped make the day such a success.'

Sharing God's Life: Rule of Life Lent Workshops

A rule of life is a flexible framework that helps us to grow more like Christ. Just as a trellis provides support for a growing plant, a rule of life offers a practical way of responding to the love of God by committing ourselves to a number of specific actions that will help us grow in our faith. Bishop Tim is inviting everyone across the Diocese to write and follow a Rule of Life. Why not create your own Rule of Life ... come along to the workshop run by Sally Dakin at Wolvesey, Winchester on 5 July (7.30 to 9.30 pm), 18 July (2 to 4.30 pm) or 20 July (10 am to 12.30 pm). To book your place, please email ruleoflife@winchester.anglican.org. For more info about Rule of Life, see www.winchester.anglican.org. Format is: Introduction and prayer – time to work alone – optional chat with Sally – plenary – closing prayer.

Letter from Reverend Alison Brown

Dear Friends,

As I write to you the news is dominated by the terrorist attack in London. By the time you come to read this letter many column inches will have been written about this attack and the incident a few days before in Manchester. One of the first things that we tend to do after these awful things happen is check up on our loved ones, making sure they are safe and well. For quite a lot of people life will never be the same again because they have lost a cherished family member or friend, or because they have sustained life- changing injuries.

Interestingly the bible reading for today and over the next few days is from the Old Testament book of Job. In this book we hear Job's story. This is about a prosperous man who is afflicted by a variety of horrendous disasters, which turn his life into pure misery. The writer of this book illustrates the inadequacy of human logic to explain the reality and nature of evil in the world.

The big questions which are addressed in the book of Job are as follows:

'Why there is evil in the world?'

'Why is there pain, suffering and heartache?'

'Why do the righteous suffer?'

'Where is God when it hurts?'

I think after the news of the terrorist attacks these are some of the questions a great many of us are asking.

It is not wrong to ask questions or inappropriate to express to God our deepest feelings, because honest questions open up our hearts to receive new perspectives.

Let us pray that in times of uncertainty and suffering we will allow God into our seemingly hopeless situations, and allow him to bring hope and good out of evil and life after death.

Love Alison
